Speed Trailer Report Analysis

July 1 – August 8, 2020

From the Data gathered by our Speed Trailer in place at the hall we registered the following

South Bound traffic only

Total Vehicle count 11940 for the period

Vehicle Speeds in

Excess of	100KM per hour	32 with a top recorded speed of 150 KPH
Between	80-99KM per hour	262
Between	60 to 79KPH	5063
Between	51-59 KPH	3363
Under	50 KPH	3220

What this shows is that 5357 vehicles travelling on the main road were 10 KPH above the posted limit 50KPH and 294 were speeding at least 30KPH over the posted limit and 32 at 100KPH with two traveling at 150KPH at 8 PM on July 7,2020

As more data is gathered and a better pattern is developed we hope to be able to provide enforcement of the speed limits with the help of the RCMP and other law enforcement agencies.

This is currently only measuring South bound traffic mid-beach and as of August 9 traffic will be monitor North Bound traffic towards Highway 28an we may be moving the trailer to monitor other areas and locations.

Remember the speed limit is
50KPH along the main road
30KPH in ALL areas past the storage area
15KPH on the lane and approaches – ALL
vehicles including ATVs
