Speed Trailer Report Analysis

August 28 – October 4 2022

From the Data gathered by our Speed Trailer in place at the hall we registered the following

NORTH Bound traffic only

Total Vehicle count 10324 for the period

Vehicle Speeds in

Excess of	100KM per hour	11 with a top recorded speed of 120 KPH
Between	80-100KM per hour	608 – notably higher count after paving completed
Between	60 and 80 KPH	5375
between	50 to 60KPH	1685
Under 50KPH		2645

Speeds shown in RED are excessive speeds. Speed in excess of 100 KPH will get more severe penalties.

As more data is gathered and a better pattern is developed we plan to provide enforcement of the speed limits with the help of the RCMP and other law enforcement agencies.

This is currently only measuring North bound traffic mid-beach and as time permits we will be moving the trailer to monitor other areas and locations.

Remember the speed limit is
50KPH along the main road
30KPH in ALL areas
Perch Close and Walleye way
15KPH on the lane and approaches – ALL
vehicles including ATVs
