We have purchased several new buoys and are in the process of getting them ready to put them in the water. Just a reminder, these buoys indicate our NO Wake Zone! The area between the shore and these buoys are for swimmers, paddle boarders, kayakers and other Non- Motorized activities. When leaving your dock please head straight out and keep it under 5 miles/ hour or 8km/hour. Same goes upon your return. We have a large lake, let's go use it. Thank you for keeping our beach safe. If you see a boat diving dangerously, please report them to the RCMP. [\(780\) 343-7200](tel:7803437200)

Unfortunately, we have had a series of ATV thefts over the last couple weeks. They have been hot wired so please do what you can to keep your valuables safe and keep your eyes out for anything suspicious. Please call the RCMP at [\(780\) 343-7200](tel:7803437200) if you notice anything.

Just a reminder that the access roads from the main road to your homes are **not** set up for parking? We have some complaints from local residence that these access roads are being blocked. The access roads are owned by the Village and must be made accessible to all residence, emergency vehicles and service vehicles. Please do not park on them. Thank you for your cooperation.

After a great many years, Paul Tercier will be retiring as our CAO in the new year. We are actively taking applications for his position. Admin experience is an asset. If you are interested in learning more about this position, please contact the council at [svbbeach@gmail.com](mailto:svbbeach@gmail.com)

Administration summer office hours are Saturdays 12-4pm. Please see Paul during these times for any beach related questions including building permits. A building permit is needed for any changes to

existing buildings or new buildings on your property as well as any retaining walls between your property and the waterfront. Paul can also be reached at [svbbeach@gmail.com](mailto:svbbeach@gmail.com)
