Speed Trailer Report Analysis

October, 2020

From the Data gathered by our Speed Trailer in place at the hall we registered the following

North Bound traffic only

Total Vehicle count 10154 for the period

Vehicle Speeds in

	90-100KM per hour	76 top recorded speed of 100 KPH
Between	70-89KM per hour	1115
Between	50 to 69KPH	8338
Under	50 KPH	625

What this shows is that 9000 vehicles travelling on the main road were above the posted limit 50KPH and 1191 were speeding at least 20KPH over the posted limit.

As more data is gathered and a better pattern is developed we hope to be able to provide enforcement of the speed limits with the help of the RCMP and other law enforcement agencies.

This is currently only measuring North bound traffic mid-beach and as of November 6, 2020 traffic will be monitor South Bound traffic towards Highway 28a we may be moving the trailer to monitor other areas and locations.

Remember the speed limit is
50KPH along the main road
30KPH in ALL areas past the storage area
15KPH on the lane and approaches – ALL
vehicles including ATVs
