

Speed Trailer Report Analysis

June 11 through July 10, 2016

From the Data gathered by our new Speed Trailer in place at the hall we registered the following

Total Vehicle count 11,567 for the period

Vehicle Speeds in

Excess of	100KM per hour	17 with a top recorded speed of 150.3 KPH
Excess of	90KM per hour	45
Between	70 and 90KPH	622
Excess of	55KM per hour	5399
Between	20 and 54 KPH	5484

What this shows is that over half of the vehicles travelling on the main road were 10% or more above the posted limit 50KPH and 684 were speeding at least 20KPH over the posted with one traveling at 3 times the 50kph limit.

As more data is gathered and a better pattern is developed we hope to be able to provide enforcement of the speed limits with the help of the RCMP and other law enforcement agencies.
